revival process but also adversely affect the interest of the other stakeholders (home buyers) of the Corporate debtor. Referring to the transactions between the home buyers and the SRA involving any deviations on account of the reasons such as changed choice / preferences / priorities of the home buyers e.g. change in the size of flat / location, change of tower, revised / additional specifications / customization etc. should be managed between the concerned home buyers and the SRA however the same should not create any adversities for the other home buyers. LR clarified that since such matters are being managed directly between the SRA and the concerned home buyers therefore such changes should not cause any confusions amongst other home buyers who chose to stick to their BBA/Allotment letters which is being done outside the Monitoring Agency.
- 3. With respect to the expenses on additional services / packages such as cleaning, housekeeping and other maintenance expenses, power back up, security expenses etc. which are not defined in the BBA/ Allotment terms, LR asked the SRA to submit the cost and term sheet for each of such services for which the home buyers are liable for the payment. - 4. Taking note of the email of Sh Sandeep Nagar dated 11th Dec 2021 since he was present in the meeting, LR asked Sh Yogesh Gupta to resolve the concerns as raised by Sh Sandeep Nagar. In response Sh Yogesh Gupta mentioned that there is the question to deviate from

Ref: Implementation of the Resolution Plan.

Sir,

Our association went through the minutes of the 15th meeting of the Monitoring Agency held on 17.11.2021 followed by discussions held at the GW Site on 19/11/2021 and found the same not in complete sync with the letter and spirit of the terms of the resolution plan as approved by the NCLT. Also, we find that our email dated 15.11.2021 was also not considered by the MA in its meeting as there are no replies by the SRA on many points contained therein.

We are writing this mail pointing our following objections:

#### 1. Construction Update / Stopping of Penalty:

SRA in its own statement under the heading "possession of Phase I of both projects" stated that the completion of Phase I of the Greenwood has been done on 14.09.2021 on the part of SRA. Also, vide your email dated 24.11.2021 circulated the construction update status as of 31.10.2021. However, on the reading of the construction update as of 31.10.2021, the document itself proves that still the majority of works as mentioned in the chart are incomplete. It is important to mention that STP, WTP, Sewerage Line, Strom water drain line, Water Conservation and rainwater harvesting pit, fire-fighting/fire protection, etc are pending and not complete. Also, it is important to mention that neither the electricity connection has been established nor the electrical transformers have been commissioned, it is important to mention that these are very important for the safety and hygiene of occupants. Also on the physical inspection, it has been found that there are many works left out in the lobby and other common areas which are must before announcing it as complete. Completion of the 1st phase was the most critical milestone which you claim to have achieved on 14/9/021 but the construction update of the same was put up / provided to the MA after many reminders only on the 15th meeting. So the statement cannot hold the basis that project phase one was complete on 14.09.21.

It's relevant to state that SRA was supposed to handover possession with OC and CC on 14.9.2021. SRA must provide a new date of doing so along with confirmation of delay penalty till that date.

It is relevant to state that in past MA meetings there have been agendas for providing the construction update but the same was never provided, in the 15th MA meeting it was stated that the construction was completed on 14.09.2021 and a report/status was provided (the same is referred above). Therefore, the statement of the SRA that the construction is completed on 14.09.2021 is being objected by us.

Further, the Home Buyers (lenders) in majority needs the completion of the project and possession in terms of the approved plan, till the same is delivered the SRA needs to pay the penalty as committed in the Resolution Plan. It appears that the SRA has decided to stop the penalty one-sidedly.

Also, it needs to be clarified that the offer of fitment cannot be considered relevant in terms of the Resolution Plan.

2. Other Objections and Our mail dated 15.11.2021 was not responded to completely (in full) by the SRA

SRA in the meeting has selectively responded and recorded his submissions.

It is the clear intention of the SRA that they are making "fitment of possession" mandatory for all Home Buyers of Greenwoods as they have stated that they will impose the holding charge from such home buyers who are not taking the "fitment of possession". It is stated that the same is not acceptable to the home buyers and the SRA cannot force the home buyers for "fitment of possession" unless someone is voluntarily accepting it. It is relevant to mention that majority of the Home Buyers of our association do not want fitment of possession as resolved in our association GB virtual meeting dated 19.11.2021. Therefore, the SRA needs to hand over the possession to the home buyers in terms of the approved plan.

Page | 13

It is also noted that the SRA will charge 15,000/- per KW which is objected by us. Also, it is necessary to mention that in many home buyer's agreements the electricity charges are included in the payment plan and they are not entitled to the extra charges as being initiated. on others agreement electricity charges are mentioned to paid as actual to UPCL.

Further, it's necessary to mention that still, SRA has not officially responded to our email dated 15.11.2021 which was included in the meeting agenda, and has failed to take note of the following:

5. SRA should not charge any holding charges from homebuyers who will opt not to take possession until OC & CC is obtained by the SRA. As per the plan, SRA was supposed to offer lawful possession, which is not possible until OC & CC are obtained.

6. SRA should pay the penalty to homebuyers who are not opting for fitment possession until lawful possession is provided or until there is any specific direction from NCLT on the subject.

c. The association has been receiving many emails wherein it has been contended that the SRA is issuing the demand letter to the home buyers who have already paid 80% of the payment and therefore the RA is requested to recall all those demand letters and adhere to the approved plan.

d. The association has been receiving many emails wherein the following issue has been raised by the Home Buyers, therefore these issues being a common issue need to be considered by the RA:

1. RA has included certain charges in the account statement which are not part of the BBA.

2. RA has included the charge Taxes (GST & ITC) now on Instalments, FFC and Power Back-up Charges which were already paid by Home Buyer to JNC before you took up this project."

Further, other charges like electricity charges, etc are being raised by you which is not in terms of BBA.

Lastly, needless to say, we all homebuyers are waiting for a long time to get our dream homes. Some of our fellow buyers are even waiting since the year 2010 and are constrained to pay the heavy bank interest without having our flats plus we pay rent. So we are eager to get the possession as soon as possible in the terms of the approved plan.

With Best regards

Subject: Re: Our Response/Suggestion on the Agenda Item Circulated by you

To, Mr. Sumit Shukla LR, JNC Constructions Pvt Ltd. Ref: 16<sup>th</sup> MA meeting Scheduled on 11.12.2021

Sir,

This is to inform you that our association has decided that there will be no physical presence of any of our SCM members who were nominated by us earlier till the next decision on behalf of the association for the new SCM member's nomination takes place. Therefore, as an interim measure, we have decided to respond to your agenda pointwise thereby giving our suggestions as home buyers.

Further, you are also requested that you ensure that the SRA complies with the resolution plan and undertakings in full terms without any deviation to safeguard the interest of the home buyers.

#### Following are the pointwise suggestions/submission

#### 1. To take note of the Minutes of the 15th Meeting of Monitoring agency held on 17th Nov 2021.

Already vide our association email dated 01.12.2021 we have objected to the minutes to the extent as mentioned in the email. Also to add on the completion is irrelevant without the Occupancy Certificate and Completion Certificate issued by the authority. Therefore the SRA needs to take back his unilateral statement and should provide us the date of completion of the first phase in terms of the Resolution Plan.

2. To discuss the matters which could not be discussed in the 15th meeting of the Monitoring Agency held on 17th Nov 2021

SRA to respond on the same

3. To review and discuss the:

a. Draft 3 rd Progress Report which SRA has proposed to file before adjudicating authority (attached with the present Notice/agenda)

We are sharing the objections on the same in a separate sheet. Please see the attachment.

b. Construction update as provided by the SRA for the period ending 31st Oct 2021

We have already disagreed. The update itself shows that there are many fields unfinished.

c. List of expenses incurred by the SRA on implementation of the resolution Plan till 17th Nov 2021

We cannot comment as this requires professional input

#### d. List of Receipts/dues from the home buyers

Still, despite many requests, the accounts of the respective home buyers have not been corrected and many charges have been included in the account statement which is not in terms of the BBA

4. Pursuant to the discussions held in the 15th Meeting of the monitoring Agency seek the status of the following:- Page | 15

a. Report from an independent expert to certify the completion of the first phase of the construction of the Park and the Greenwood Projects

b. Provisional financial statements as on 30/09/2021

c. Status of the Audit for 31st March 2021 and other compliances considering the issue of non-deposit of the TDS as being highlighted by LR for the last four months which is a compliance issue.

SRA needs to response

5. Progress on the discussions with SWAMIH Funds

SRA needs to respond.

6. Pursuant to the discussions held in the previous meeting of the MA to seek an update on the snag register for the Park and Greenwood Projects.

SRA needs to response

7. Seek an update on the closure of the complaints/queries raised by the home buyers.

It's unresolved. SRA is requested to send the account statement to each buyer after verifying the charges being imposed by SRA in terms of the BBA.

# Additional agenda on behalf of Greenwoods pursuant to meeting dated 20 Nov 2021 between SRA and Homebuyers:

As informed by attendees of the meeting SRA on 20<sup>th</sup> Nov submitted that He will support in all legal matters and bear the expenses of legal matters if any FIR or case is instituted by the authority or state government on the home buyers who are taking fitment possession and the home buyer will not be personally liable for the same and all the expenses or liability will be on SRA.

Since the meeting was not minutised therefore We are seeking an official repose/Stand of the SRA on the above.

Request to kindly consider this as our formal objections and one additional point as agenda for the meeting, also consider the objection on 3rd progress report as per the attachment and same to be put on hold for filing until objections are cleared.

Thanks

Sub-Objection in the Progress Report circulated on

09.12.2021

Sir,

The following averments mentioned in the progress report are one sided are being opposed by us:

 $\Box$  Complete minutes of 15th Meeting of the MA held on 17.11.2021 are not extracted and only the submissions of the RA has been incorporated to the following extent:

"SRA submitted that completion of Phase I of Greenwood has been done on 14.09.2021 itself on the part of SRA. SRA further submits that they will not pay delay penalty after above date to the phase I home buyers. SRA will settle account of homebuyers after taking into account delay penalty if any payable to home buyer as and when possession of fitment by 80 % of the sold inventories has been taken by the home buyers of their respective tower or six months whichever is earlier. However, for the time being they will offer possession for fitment only for want of statutory compliances viz, Fire NOC, OC, CC, registry. SRA further submitted that lift/safety certificate has been obtained by him."

Objections: Its not agreeable that the completion of the 1<sup>st</sup> Phase has been completed on 14.09.2021, completion should in terms of the Resolution and undertakings given by the SRA and progress reports should also contain the objections to the 15th MA meeting minutes circulated by us vide our email dated 01.12.2021.

Completion includes the obtaining the OC and CC besides construction work. SRA needs to mention the new date of completion as per the approved plan and undertakings.

□ Paragraph No. 09

"That with respect to the completion of the construction in terms of the approved resolution plan, it is stated that:

a. Construction activities for first phase for the Greenwood Vasundhara Project was completed on 14th Sep 2021. As per the resolution plan submitted / approved, Tower- B & C are supposed to be handed over to the homebuyers within 9 months - R. A. has completed and ready to give possession to the homebuyers but due to non availability of approval of built drawing, completion certificate , occupancy certificate , the lawful possession of flats can not be given to the homebuyers. However, R.A. has offered "possession for fitment" only to the homebuyers of phase-1.Since, R.A. has completed the construction work of Tower-B & C (1st Phase) from its own funds and ready to give possession for fitment to the homebuyers so the penalty as proposed in resolution plan shall be given only for 9 months i.e. up to 14/09/2021 as the construction is complete and the compliance of NCLT order is not being done by AwasVikas. R.A. is not at fault anywhere. Status of the other compliances / approvals are as under:

(i) Environment clearance - obtained

(ii) Consent to establishment - obtained

(iii) Permission from Airport authority for height - obtained

(iv) Lift license - obtained

(v) Fire NOC - in process

(vi) STP installation - in process

(vii) Water connection -in process

(viii) Approval of as built drawing from Awas Vikas - Pending

(ix) Completion certificate from Awas Vikas - Pending

(x) Occupancy certificate - Pending

The drawings had been submitted to Awas Vikas on 11.04.2017, 08.06.2017, 25.07.2017 before the approval of resolution plan from NCLT and on dt. 22.12.2020 as built drawing was also submitted by R.A. toAwasVikas for their approval. In absense of approval of as built drawing, the completion certificate and occupancy certificate can not be obtained from AwasVikas, however due to non availability of revalidated sanction plan, completion certificate, occupancy certificate, the compliances with respect to the OC, CC etc. are yet to be fulfilled for the reasons beyond the control of the SRA while the applications filed by the SRA praying to pass directions to AwasVikasare pending before this Hon'ble Tribunal for disposal. Despite the aforementioned adversity the SRA has offered "possession for fitment" to the homebuyers of phase-1 of The Greenwood Project."

Objections: Again the project completion date is disputed as the same in not in consonance of the approved resolution plan and undertaking. Further, it appears that the SRA is trying to hand over fitment of possession only to discharge himself from the liability of handing over the possession to the home buyers as the same is not in terms of the approved plan. Again the SRA is unilaterally deciding to stop the delay penalty as per the commitment in the resolution plan and making the acceptance offer of fitment a compulsory on the part of the home buyers. SRA is also going to charge the holding charges as reflected in the minutes of 15th MA meeting. It is made clear that as home buyers the unilateral decision of the SRA for making "fitment of possession" and conditions imposed thereto are not accepted.

Completion includes the obtaining the OC and CC besides construction work. SRA needs to mention the new date of completion as per the approved plan and undertakings

Subject: Response on Notice & Agenda to the 17th Meeting of the Monitoring Agency of JNC Constructions Pvt Ltd.held on Saturday 25th dec 2021 at 1100 AM at JNC Constructions Pvt Ltd. B-7, Sector -63, Noida

Sir,

We have received the email intimation for MA meeting scheduled on 25.12.21 at 11.00 AM. For tomorrow's meeting we once again reiterate the contentions as raised earlier in our email dated 01.12.2021 which itself is explanatory.

It's necessary to intimate that we conducted our meeting with Mr Yogesh Gupta, SRA on 19.12.21, however, there were no commitments from his side on our legitimate demands. We are also annexing the minutes of meeting for your perusal.

Once again the unilateral decision of the SRA in previous MA meetings regarding completion of phase1 at 14.09.21, Stopping of penalty, mandatory fitment of possession, imposition of maintenance charges, holding charges, demands, etc are not acceptable as the same are in conflict of the provisions of approved resolution plan.

Still the construction is incomplete as per the SRA self disclosure in the status report. Therefore, SRA needs to give a full proof date of completion of phase one when the same stands completed in all respects as required by the standards of authorities empowered to grant the CC and OC.

Please take note that Mr Aqeel Ahmed, Mr Sunil Mittal and Mr Ashok Singdev will present in tomorrow's meeting for further discussions in the interest of home buyers in terms of their approved resolution plan.

Regards,

President, JNC Greenwoods Social Welfare Society.

Mr. Deepak Kumar Gautam and Mr Yogesh Gupta

Successful Resolution Applicant of JNC Constructions Pvt Ltd.

Through

Lender's Representative of the Monitoring Agency,

Ref: Implementation of the Resolution Plan.

Sir,

Our association went through the minutes of the 15th meeting of the Monitoring Agency held on 17.11.2021 followed by discussions held at the GW Site on 19/11/2021 and found the same not in complete sync with the letter and spirit of the terms of the resolution plan as approved by the NCLT. Also, we find that our email dated 15.11.2021 was also not considered by the MA in its meeting as there are no replies by the SRA on many points contained therein.

We are writing this mail pointing our following objections:

#### Construction Update / Stopping of Penalty: 1

SRA in its own statement under the heading "possession of Phase I of both projects" stated that the completion of Phase I of the Greenwood has been done on 14.09.2021 on the part of SRA. Also, vide your email dated 24.11.2021 circulated the construction update status as of 31.10.2021. However, on the reading of the construction update as of 31.10.2021, the document itself proves that still the majority of works as mentioned in the chart are incomplete. It is important to mention that STP, WTP, Sewerage Line, Strom water drain line, Water Conservation and rainwater harvesting pit, fire-fighting/fire protection, etc are pending and not complete. Also, it is important to mention that neither the electricity connection has been established nor the electrical transformers have been commissioned, it is important to mention that these are very important for the safety and hygiene of occupants. Also on the physical inspection, it has been found that there are many works left out in the lobby and other common areas which are must before announcing it as complete. Completion of the 1st phase was the most critical milestone which you claim to have achieved on 14/9/021 but the construction update of the same was put up / provided to the MA after many reminders only on the 15th meeting. So the statement cannot hold the basis that project phase one was complete on 14.09.21.

It's relevant to state that SRA was supposed to handover possession with OC and CC on 14.9.2021. SRA must provide a new date of doing so along with confirmation of delay penalty till that date.

Gmail - Objections to the minutes/decisions of the 15th meetingof Monitoring Agency held on 17.11.2021.

It is relevant to state that in past MA meetings there have been agendas for providing the construction update but the same was never provided, in the 15th MA meeting it was stated that the construction was completed on 14.09.2021 and a report/status was provided (the same is referred above). Therefore, the statement of the SRA that the construction is completed on 14.09.2021 is being objected by us.

Further, the Home Buyers (lenders) in majority needs the completion of the project and possession in terms of the approved plan, till the same is delivered the SRA needs to pay the penalty as committed in the Resolution Plan. It appears that the SRA has decided to stop the penalty one-sidedly.

Also, it needs to be clarified that the offer of fitment cannot be considered relevant in terms of the Resolution Plan.

2. Other Objections and Our mail dated 15.11.2021 was not responded to completely (in full) by the SRA

SRA in the meeting has selectively responded and recorded his submissions.

It is the clear intention of the SRA that they are making "fitment of possession" mandatory for all Home Buyers of Greenwoods as they have stated that they will impose the holding charge from such home buyers who are not taking the "fitment of possession". It is stated that the same is not acceptable to the home buyers and the SRA cannot force the home buyers for "fitment of possession" unless someone is voluntarily accepting it. It is relevant to mention that majority of the Home Buyers of our association do not want fitment of possession as resolved in our association GB virtual meeting dated 19.11.2021. Therefore, the SRA needs to hand over the possession to the home buyers in terms of the approved plan.

It is also noted that the SRA will charge 15,000/- per KW which is objected by us. Also, it is necessary to mention that in many home buyer's agreements the electricity charges are included in the payment plan and they are not entitled to the extra charges as being initiated. on others agreement electricity charges are mentioned to paid as actual to UPCL.

Further, it's necessary to mention that still, SRA has not officially responded to our email dated 15.11.2021 which was included in the meeting agenda, and has failed to take note of the following:

5. SRA should not charge any holding charges from homebuyers who will opt not to take possession until OC & CC is obtained by the SRA. As per the plan, SRA was supposed to offer lawful possession, which is not possible until OC & CC are obtained.

6. SRA should pay the penalty to homebuyers who are not opting for fitment possession until lawful possession is provided or until there is any specific direction from NCLT on the subject.

c. The association has been receiving many emails wherein it has been contended that the SRA is issuing the demand letter to the home buyers who have already paid 80% of the payment and therefore the RA is requested to recall all those demand letters and adhere to the approved plan.

d. The association has been receiving many emails wherein the following issue has been raised by the Home Buyers, therefore these issues being a common issue need to be considered by the RA:

1. RA has included certain charges in the account statement which are not part of the BBA.

2. RA has included the charge Taxes (GST & ITC) now on Instalments, FFC and Power Back-up Charges which were already paid by Home Buyer to JNC before you took up this project."

Further, other charges like electricity charges, etc are being raised by you which is not in terms of BBA.

Lastly, needless to say, we all homebuyers are waiting for a long time to get our dream homes. Some of our fellow buyers are even waiting since the year 2010 and are constrained to pay the heavy bank interest without having

We have audited the accompanying financial statements of JNC Construction Private Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss and Cash Flow Statement for the year ended on that date, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act read with the Companies (Accounting Standards) Rules, 2006, as amended, ("AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its loss and its eash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. #### Key Audit Matters

### (i) Accounting treatment for the effects of the Resolution Plan

Refer Notes No 32 to the Financial Statements for the details regarding the resolution plan implemented in the Company pursuant to a corporate insolvency resolution process concluded during the year ended 31st March 2021 under Insolvency and Bankruptcy Code, 2016. Owing to the size of the over-due credit facilities, multiplicity of contraction airangements and large number of operational and financial creditors, determination of the carrying amount of related liabilities at the date of inproval of Resolution Plan was a complex exercise. In respect of de-recognition of operational and financial creditors, difference amounting to Rs, 89,55,74,391/- between the carrying amount of financial liabilities extinguished and consideration paid/payable, in accordance with the approved Resolution plan and accounting policies consistently followed by the Company and disclosed in an 'capital deserve'' Accounting for the effects of the resolution plan is considered by us to be a matter

implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

62

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists, Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- (a) identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- (c) evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- (d) conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

DI Locut RUCTION 6 B-7. Sector-63 NOIDA sh

- the Company does not have any pending litigations which would impact its financial position;
- the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
- there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

## JNC Constructions Proposal | Update

#### Vivek Agarwal </ vivek. Agarwal@sbicapventures.com>

Dear Yogesh ji and Deepak ji - We understand that JNC Constructions Pvt Ltd (JCPL) was developing 2 residential projects - JNC The Greenwoods in Vasundhara, Ghaziabad, a residential project consisting of 408 dwelling units spread over 4 towers and JNC The Park, a residential project consisting of 934 dwelling units spread over 7 towers in Greater Noida West ("Projects").

Further, we note that in May 2019, corporate insolvency resolution process of JCPL had commenced. Under the CIRP process. Gautam Builders LLP and Rapid Constructions Pvt Ltd (together referred to as Resolution Applicants "RA") submitted a resolution plan ("Plan") and the committee of creditors voted in favour of their plan. This plan was approved by the NCLT court in August 2020. After taking control of JCPL, the Resolution Applicants approached SWAMIH Investment Fund I ("SWAMIH") for investing in the Projects towards timely completion of the same as proposed under the Plan.

In terms of our mandate, projects undergoing NCLT proceedings are eligible to be considered for funding under the Special Window up to the stage where the resolution plan for such insolvency resolution process has not been approved / rejected by the committee of creditors. As that the requirement of SWAMIH funding was not envisaged/mentioned specifically in the resolution plan submitted to the NCLT under the CIRP process, the transaction is on hold in our system.

Further it is important to note and understand that the Fund has a two stage approval process whereby a preliminary approval is considered on the basis of developer / RA / RP submitted information and after that the Fund does a detailed external due diligence before considering the project for final approval. The investment decision is taken by an independent 7-member Investment Committee and as yet this proposal has not received any preliminary or Final approval.

Please let us know for any clarifications, if required.

Regards,

Vivek

demands which has been raised by the SRA and there are few new cost has been imposed by the SRA. After a brief discussion Sh Yogesh gupta informed that no new charges has been imposed and the same are in line with the allotment terms. LR expressed its dissatisfaction and mentioned that despite repeated requests the SRA is not uploading the complete and clear updates / status of the Projects on the website.
